velcraft

we deliver experience

**Think  
Modular,  
Think  
Velcraft.**

Velcraft was built on a simple idea —  
that furniture should not just fill a space,  
but define it.

What began as a pursuit of precision craftsmanship  
has evolved into a design-driven approach  
to modern living. Every piece is shaped  
with intent, balancing form, function,  
and lasting durability.

From contemporary homes to refined interiors,  
Velcraft creates wardrobes that are  
not only functional, but deeply personal.

# partition collection

Refined and Adaptive – This collection of partitions from the house of Velcraft is designed to redefine how modern interiors are experienced.

Created to balance openness with privacy, each partition system blends architectural precision with minimal visual weight, allowing spaces to feel both connected and intentionally defined.

From sleek framed glass dividers to warm textured surfaces and contemporary spatial separators, the collection transforms ordinary divisions into elegant design features that elevate the atmosphere of an interior.

Slim structures, balanced proportions, and carefully selected materials bring a subtle sophistication that integrates seamlessly into modern living environments.

Through this collection, we aspire to create spaces that feel fluid, functional, and visually harmonious.

Because partitions should not simply separate spaces they should shape the way they are lived in.

velcraft

SYLVORA

## Etched Glass Partition

Inspired by the organic elegance of branching forms, Sylvora transforms glass partitions into artistic spatial elements.

Its illuminated etched surfaces softly diffuse light, creating an atmosphere of warmth, depth, and refined privacy.

velcraft

LINEORA

## Vertical Slat Partition

Lineora uses clean vertical rhythm and natural wood textures to define interiors with subtle architectural character.

Its semi-open design maintains spatial connection while introducing warmth, privacy, and timeless minimal elegance.

velcraft

PERFORA

## Laser-Cut Feature Partition

Perfora introduces sculptural perforated detailing that transforms ordinary dividers into statement architectural installations.

Its illuminated cutwork creates dynamic light patterns, adding depth, texture, and contemporary sophistication to interiors.

velcraft

CORVEX

## Pattern Partition

Corvex merges raw industrial textures with artistic perforation, creating partitions that feel bold, modern, and expressive.

Its layered metal surfaces and warm ambient lighting establish a refined balance between strength and sophistication.

velcraft

LUMIVANE

## Minimal Frosted Partition

Designed with soft translucent panels and slim metallic framing, Lumivane delivers privacy through simplicity and light diffusion.

Its minimal aesthetic creates calm spatial separation while maintaining openness, brightness, and modern elegance.

CORVEX

## Industrial Pattern

Corvex merges raw industrial textures with artistic perforation, creating partitions that feel bold, modern, and expressive.

Its layered metal surfaces and warm ambient lighting establish a refined balance between strength and sophistication.

velcraft

SHOJIRA

## Textured Panel Divider

Inspired by contemporary Japanese interiors, Shojira combines soft woven textures with structured geometric framing.

Its translucent layered panels filter natural light beautifully, bringing warmth, serenity, and spatial harmony into living spaces.

ORBIFLOW

## Sculptural Feature Partition

Orbiflow transforms partition design into a statement of movement, curves, and illuminated artistic expression.

Its flowing layered geometry creates a striking visual centerpiece that merges architecture, lighting, and luxury craftsmanship.

velcraft

LINEORA

## Vertical Slat Partition

Lineora uses clean vertical rhythm and natural wood textures to define interiors with subtle architectural character.

Its semi-open design maintains spatial connection while introducing warmth, privacy, and timeless minimal elegance.

velcraft

SYLVORA

## Etched Glass Partition

Inspired by the organic elegance of branching forms, Sylvora transforms glass partitions into artistic spatial elements.

Its illuminated etched surfaces softly diffuse light, creating an atmosphere of warmth, depth, and refined privacy.

velcraft

The image shows a modern interior space, likely a hallway or lounge area. The focal point is a long, low-profile bench with a warm, glowing light strip underneath. Behind the bench is a wall of vertical slat partitions. Each slat is made of a dark material with a complex, organic, lattice-like cutout pattern. The slats are set within a light-colored frame. To the left, there are large windows with black frames, offering a view of lush green trees and a body of water. The ceiling is white with recessed lighting. The floor is a dark, polished material that reflects the light from the bench and the patterns of the slats.

LINEORA

## Vertical Slat Partition

Lineora uses clean vertical rhythm and natural wood textures to define interiors with subtle architectural character.

Its semi-open design maintains spatial connection while introducing warmth, privacy, and timeless minimal elegance.
